

Welcome to the Huldrefolk Trail

Is the forest enchanted? All around the Knife River Forest, hikers see Huldrefolk, Norwegian for hidden folk, among the trees and rocks. Walk quietly and watch carefully to see trolls, dwarves and other hidden folk.

Pause, read and discover who lives in the Huldrefolk forest. This half-mile long trail guides you to different stops and returns to the parking lot.

Many Knife River volunteers have lovingly created this interactive trail for you. Remember to be gentle to nature and kind to each other.

For more information and to make a trail donation, visit kniferiver.org. Thank You.
